For Sale

APHA

2001 Cutting Horse Mare

Rain

Currently in full training and competing with Chris Bell. She's showing great instincts and potential

She has been in a loving home and has been well taken care of. She would make a great Cutting horse or someone's personal horse that has some get up and go!

Only for sale because she was bought for the kids and she's got too much potential and get up and go to be a little kids horse.
